# WÜSTHOF

Made in Solingen

## Since our beginning in 1814, we have one mission

**CRAFTING THE FINEST KNIVES THAT LAST FOR GENERATIONS.**

Founded in Solingen Germany, known for centuries as the “City of Blades”, we are solely owned by the 7th generation of the Wüsthof Family. Throughout recent years, consumers re-discovered that healthy eating is the foundation of a healthy body and mind.

Along with the pleasure of preparing and enjoying food from scratch with family and friends, a healthy planet is an essential element of our brand values and lifestyle. At a time where disposable products dominate, the focus is increasingly on sustainable and durable products. Only in that way can the future of our planet be secured.

WÜSTHOF has been loved for over 200 years for its commitment and responsible manufacturing of products. Through care and quality WÜSTHOF knives last a lifetime and often last until the next generation.

### WÜSTHOF CLASSIC COLOUR STORY

The new WÜSTHOF Classic Colour series combines the form and function of impeccably crafted knives with distinct and vibrant colours. Allowing you to create a collection of knives to match your personality ... and why shouldn't your number-one cooking companion reflect your own individual spirit?

# WÜSTHOF PERFORMER

Made in Solingen

## Our unsurpassable knife for perfect control

### UNIQUE DESIGN MEETS EXCEPTIONAL PERFORMANCE

Perfect for commercial and domestic use, the WÜSTHOF Performer series has been designed for precision performance and grip in wet and dry conditions.

The ultra-hard diamond-like carbon (DLC) coating allows the blade to glide through any food with uncompromising ease, thanks to its moisture-beading, water-repellent properties.

The non-slip Hexagon Power Grip guarantees extreme control. Striking design and unsurpassable function: Performer will captivate you for a lifetime.

WÜSTHOF stands for blades – for those moments when your knife slides effortlessly through fresh food.

# Performer Chef's Knife

Surface hardness: 104 Rockwell

Pioneering blade technology with diamond-like-carbon (DLC) coating

Ergonomic handle ensures safe work

Blade is heat resistant and food safe

Full bolster – the thickening between blade and handle – ensures finger protection

Innovative handle construction with offset nonslip honeycomb structure

#### **HAND GUARD**

The knife handle sits perfectly in your palm, curving into your hand to prevent slipping.

#### **FULL BOLSTER**

The full bolster reliably protects your fingers when preparing and plating fresh food; the balance makes agile and precise work easier.

#### **BLADE**

The ultra-hard DLC coating allows the blade to glide through any food with uncompromising ease thanks to its moisture-beading, water-repellent properties.

#### **HOLLOW EDGE**

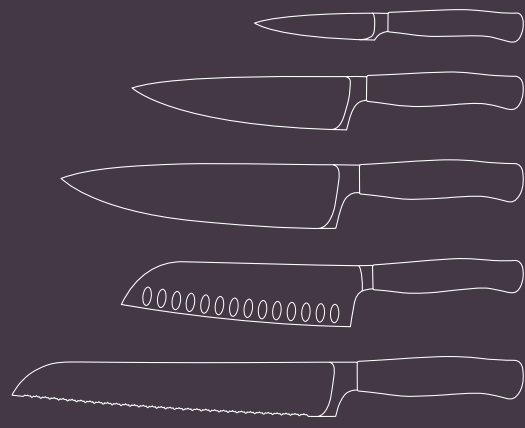

Small air pockets are created by the dimples or indentations on the blade. These have a positive effect so that thin slices and soft, sticky food items are easier to remove from the blade.

#### **PRECISION DOUBLE SERRATED EDGE**

The bread knife with a unique double serrated edge cuts hard crusts just as easily as soft bread or large fruits, such as melons.

From the very first time you use it, you can feel the difference compared to traditional serrated edges.

## Our soulful knife bringing a special extra to your routine

### WÜSTHOF AMICI - ENJOY SHARING

Inspired by memories of family and friends gathering al fresco in the Italian countryside, WÜSTHOF Amici celebrates a simpler life. It is a life connected to nature, love of good food, and affection for all we invite to the table.

This sculpted, forged blade is paired with a uniquely variegated olive wood handle – no two are the same. Amici brings together a gracious Mediterranean lifestyle and old-world craftsmanship, creating a soulful reminder to cherish life's precious moments. Benvenuti Amici!
